ACTION TAKEN REPORT ON FEEDBACK ANALYSIS DURING THE ASSESSMENT PERIOD

Students:

Feedback: Students, a key stakeholder group, provided positive feedback regarding the preparedness and encouraging nature of teachers. They appreciated the use of modern teaching aids such as PPTs, Web resources and video lectures. Students acknowledged utility of support systems like the library, placement cell and the examination cell. The existence of a well-defined Grievance addressed Mechanism was noted as effective in addressing the concerns. The feedback also highlighted the importance of timely syllabus completion.

Action on report: Complaint or deviation in completion of syllabus with lesson plans is addressed by concerned head of the department fortnightly. Add on courses and certification courses are conducted so as to reduce the gap between curriculum and industry requirements.

Teachers:

Feedback: Teacher's feedback indicates a mix of responses regarding the curriculum's effectiveness in preparing students for real-world challenges. Some faculty members suggested supplementing the curriculum with add-on programs to enhance student's employability. There was a willingness expressed among faculty to provide additional support to students, but concerns were raised about students who were less responsive and not academically inclined. Some teachers expressed interest in guiding students towards research endeavours.

Action Taken: Meeting was held by the concerned heads with the department members and a decision was taken to motivate more students towards skill development courses through industrial visits, visiting premiere institutes, Alumni lectures and other guest lectures by industry people.

Alumni:

Feedback: Alumni recommended the design of programs of courses that bridge the gap between academic learning and industry/corporate requirements. They appreciated the conduction of guest lectures, workshops, and guidance for projects. The alumni stressed the importance of technical and soft skills development programs. Practical learning, including industrial visits, workshops, and involvement in live projects was suggested to be given more emphasis. Activities related sports need to be improved.

Action Taken: Placement department along with concerned department heads are taking technical and soft skills to be intensified. Since ours is a affiliated college need to follow the curriculum designed by university and are having limitations, however efforts will be made for industrial visits, workshops, projects are going on in the college and will be improved as suggested by them. Activities related to sports are always encouraged.

Parents:

Feedback: Parents suggested the implementation of more skill development programs to align with industry requirements. Some parents recommended extra classes for students who may be struggling academically. Some parents suggested for more accompanys towards Placements and training classes.

Action Taken: Placement department along with concerned department heads are taking technical and soft skills to be intensified. Also, department heads are in collaboration with various organization are offering Add on courses. Remedial classes are organized by the department faculty to help slow learners.
